### Supplier Diversity Initiative Program (MBE/WBE)

The University voluntarily maintains a Supplier Diversity Initiative Program as part of its efforts to increase participation of minority and women vendors (MBE/WBE). GW seeks to achieve this goal through primary and second-tier suppliers. All primary suppliers must submit a plan with their bids, indicating how they intend to use minority and women owned vendors as their second-tier suppliers. Each plan will be evaluated based on good-faith efforts and will be considered the following factors:

- Availability of minority/women vendors who can supply the goods and services requested in the bid documents
- Competitiveness of the prospective second-tier suppliers

The use of local minority and women owned businesses strengthen our commitment to the local community. In all cases, however, it is expected that the vendors meet the criteria relating to the price, service, and delivery. Supplier diversity will be one, but not the sole consideration in all contract awards. Ultimately it will be left to the discretion of the primary supplier as to which second-tier suppliers it uses. When a contract is awarded, the supplier is required to maintain its second-tier effort to submit monthly on its progress.
