

GEORGE WASHINGTON UNIVERSITY STANDARD PURCHASE ORDER TERMS AND CONDITIONS

These Terms and Conditions ("**Terms and Conditions**") and the Purchase Order or other separate written agreement provided by Supplier and accepted by the University (together with any and all appendices, and/or exhibits attached hereto or otherwise issued by the University in connection herewith, collectively, known hereunder as this "**Purchase Order**") by and between the George Washington University ("**University**") and Supplier (as defined in the Purchase Order) (University and Supplier, collectively, the "**Parties**," and each a "**Party**"), constitute the entire agreement between University and Supplier and supersede and replace any and all prior documents, writings, representations, agreements, proposals, promises, or other understandings, oral or otherwise, between the Parties, including but not limited to any prior or subsequent price quote, invoice, or other document furnished by Supplier.

1. Formation of Contract. By performing under this Purchase Order (in full or in part), Supplier agrees to and accepts all the provisions in this Purchase Order and agrees to perform. This Purchase Order is hereby accepted on the terms set forth herein and these terms shall govern. This Purchase Order may not be modified, amended, or in any way varied with any additional or different terms unless the University specifically and expressly agrees in writing that such other terms are accepted.

2. Change or Cancellation. University may for any reason and at any time by written notice, change, cancel or terminate all or any part of this Purchase Order, and upon University's request Supplier shall deliver (to the extent reasonably possible) any goods or other deliverables that have been prepared up until the date of such termination. Termination for convenience shall not relieve Supplier or University of its obligations incurred prior to the date of termination. After a termination pursuant to University's notice, Supplier may request an equitable adjustment on a time and materials basis (but not to include standard stock) for any work then in progress. Supplier shall not be paid for any amount of lost profits on canceled orders, or for any avoidable costs incurred after the date of termination. Any request for an equitable adjustment must be made within thirty (30) days after the date of Supplier's receipt of notice of cancellation, with reasonable support for the amount requested, and shall be negotiated by the Parties in good faith on an expedited basis.

3. Termination for Cause. By written notice, the University may terminate this Purchase Order, in whole or in part, for failure of Supplier to comply with any of the terms and conditions of this Purchase Order. In the event of termination for cause, the Supplier shall be liable to University for any and all damages sustained (a) by reason of the default which gave rise to the termination or (b) as a result of the early termination, including without limitation any incremental cost of re-procuring similar goods or services. This right of termination is in addition to and not in place of any other rights or remedies that the University may have at law or in equity.

4. Inspection. All goods and services are subject to University's right of inspection for 30 days after receipt; payment for goods and services prior to inspection will not constitute acceptance by University. The University may elect to reject all or a portion of goods or services that, in University's sole judgment, are found to be non-conforming or inadequate. Acceptance by University of all or any part of the goods or services will not be deemed a waiver to make a claim for damages or a settlement.

5. Warranties. In addition to Supplier's standard warranties applicable to the goods or services furnished hereunder, Supplier expressly represents and warrants that the goods or services (a) comply with all applicable laws, codes and regulations, and conform to all specifications and industry standards; (b) are merchantable; (c) are fit for the particular needs or purpose of University as would be reasonably expected for such goods or services, or as otherwise communicated to Supplier; (d) conform in all respects to samples, advertisements and other forms of representation made by Supplier orally or in written documentation provided to, made available to, or in the possession of University; and (e) are not restricted in any way by patents, copyrights, trade or service marks, trade secrets, or any other rights of third parties. If any of the foregoing warranties are breached, Supplier agrees to promptly replace or correct

GEORGE WASHINGTON UNIVERSITY STANDARD PURCHASE ORDER TERMS AND CONDITIONS

defects and non-conformities, to be liable for all direct, indirect, consequential and other damages suffered by University and any other persons, and to defend and indemnify University from any claim asserted by any person resulting in whole or in part from such breach.

6. Delivery. Supplier agrees to on-time delivery based upon the date or time for the delivery of goods and services set forth in this Purchase Order. If the Purchase Order does not specify a delivery date, Supplier shall provide the goods or service as if time is of the essence. The University may regard the failure to deliver in a timely manner as a breach of these terms and conditions, entitling the University to all rights and remedies at law, in equity, and under the specific remedies of this Purchase Order. Changes, modifications or other delays resulting directly from University's actions and that prevent Supplier from delivering in a timely manner shall not be considered a breach. If Supplier anticipates a delay in delivery, Supplier shall notify University immediately and shall take all commercially reasonable steps, at Supplier's own cost, to avoid or mitigate the effect of such delay.

7. Shipping. Title and risk of loss or damage to items ordered herein shall remain with Supplier until delivered to and accepted by the University. All packaging, carting, transportation, and insurance charges are to be paid for by the Supplier, unless otherwise specifically stated in the Purchase Order. All goods shipped shall be free of liens or encumbrances. Upon request, the Supplier shall furnish satisfactory evidence of freedom from any such liens or encumbrances. The Parties will assist each other in the prosecution of claims against carriers.

8. Hazardous Substance. Supplier is given notice hereby that the University has a Hazardous Waste Management Plan (HWMP) pursuant to the RCRA 1976 enactment and in compliance with EPA and District of Columbia regulations. If Supplier intends to bring onto the University's premises or remove from the University's premises any hazardous substances or intends to engage in any activities involving hazardous substances that might reasonably be expected to create a danger or hazard to employees or other persons at the University, then in advance of any such activity Supplier shall submit to the University's Office of Health and Safety for review and approval its program for compliance with the University's HWMP and its schedule and methods for performing such activities. Supplier will adhere to its approved program in the performance of all work to be done on University premises. Supplier should obtain further information regarding the University's HWMP by emailing the University's Office of Health and Safety at safety@gwu.edu. Suppliers shipping goods to the University pursuant to this Purchase Order that contain a hazardous substance must provide a Safety Data Sheet. "Hazardous substance" means any pollutant, contaminant, hazardous or toxic substance or waste, solid waste, petroleum or any byproduct thereof, or any other chemical, substance or material listed or identified in or regulated by any federal, state, local or other governmental statute, regulation, law or ordinance dealing with the protection of human health, natural resources and/or the environment now or hereafter in effect including, without limitation, any and all claims or causes of action based upon such governmental statute, regulation, law or ordinance. Supplier shall comply with all federal and state environmental laws.

9. Export Controls. The Parties shall comply with all applicable U.S. export control laws and regulations, including but not limited to the International Traffic in Arms Regulations (ITAR), 22 CFR Parts 120 through 130, the Export Administration Regulations (EAR), 15 CFR Parts 730 through 799 and/or other restrictions imposed by the Treasury Department's Office of Foreign Asset Controls, in the performance of this Purchase Order. Supplier shall not disclose or provide to the University or any employee or agent of University any data or technology subject to the licensing provisions of ITAR and EAR, without prior written notice to and advance written approval by the University. If the Supplier sends any such data or technology that is subject to export control, without notice of the applicability of such export control, University has the right to immediately terminate this Purchase Order.

10. Indemnification.

- a. Supplier shall defend and indemnify the University and the University's trustees, officers,

This provision shall survive the delivery of the goods, the termination or completion of the services, or the expiration of this Purchase Order.

- b. Supplier, at its expense, shall defend and indemnify the University Indemnitees against, and shall hold the University Indemnitees harmless from all claims and demands made by any person or entity as a result of Liabilities arising out of or relating to a claim that anything furnished under this Purchase Order infringed a patent, copyright, trademark, service mark, trade secret, or other legally protected propriety right. Supplier shall pay all costs, fees, and damages which may be incurred by the University Indemnitee for any such claim or action or the settlement thereof.
- c. Supplier, at its expense, shall defend and indemnify the University Indemnitees against, and shall hold the University Indemnitees harmless from all claims and demands made by any person or entity as a result of Liabilities arising out of or relating to any product liability claim relating to or arising from any goods supplied by Supplier hereunder. 16. Governing Law. Except as otherwise provided herein, this Purchase Order, and all disputes arising hereunder, shall be governed by the laws of the District of Columbia, without regard for the conflict of law rules thereof, and (unless [Attachment D: Terms Applicable to Non-US Suppliers or US Suppliers Providing Non-US Goods and Services](#) applies to this Purchase Order) the Parties commit to the exclusive jurisdiction and venue of the courts located in the District of Columbia to adjudicate any dispute arising under or relating to this Purchase Order. 19. Assignment. None of Supplier's duties to perform its obligations under this Purchase Order may be delegated or assigned to another person or party without the prior written consent of the University's Purchasing Department. Any attempted assignment by Supplier without such consent will be null and void for all purposes. This prohibition extends to inclusion of the name of the University in client lists or press releases.

26. Miscellaneous. If any provision of this Purchase Order is determined to be invalid, void or unenforceable in any respect, the remaining provisions hereof will continue in full force and effect. The University's delay or failure to enforce any term or condition of this Purchase Order shall not operate to waive such term or condition. Any such waiver must be expressed by the University in an authorized writing. This Purchase Order is not for the benefit of any third parties. All provisions that logically ought to survive termination of this Purchase Order shall survive.

GEORGE WASHINGTON UNIVERSITY STANDARD PURCHASE ORDER TERMS AND CONDITIONS

Attachment A: Service Terms (Applicable to all Suppliers providing Services)

If the Purchase Order is issued to a Supplier that is providing Services, Supplier agrees it will comply with the terms and conditions included in this Attachment A.

A.1. Independent Contractor. Supplier is an independent contractor, and under no circumstances will Supplier or any of its employees, agents, or representatives be considered an employee, agent, or representative of the University, or act or purport to act as an agent, representative or employee of the University. Supplier will determine the means and methods of performing its services. Supplier is directly responsible for professional quality, timeliness, coordination of activities, and completeness of the services and will supply all equipment, tools, materials, parts, supplies and labor (and the transportation of the same) required to perform except as the University has otherwise agreed in writing. Supplier is solely responsible for payment of income, social security, and other employment taxes due to the proper taxing authorities. No payroll or employee taxes of any kind shall be withheld or paid with respect to payments to Supplier. The payroll or employment taxes that are subject of this paragraph include but are not limited to FICA, FUTA, federal personal income tax, state personal income tax, state disability insurance tax, and state unemployment insurance tax.

A.2. Standard of Care. Supplier warrants that all services hereunder shall be performed by personnel experienced and highly skilled in their profession and in accordance with the highest applicable standards of professionalism for comparable or similar services. Supplier will provide adequate and competent personnel and supervision thereof, and will in all respects perform with at least that degree of care, skill and diligence normally exercised by persons regularly engaged in Supplier's business or profession. Supplier shall use only personnel required for the performance of the services who are qualified by education, training and experience to perform the tasks assigned to them. Supplier agrees to replace any of its personnel whose work is considered by the University to be unsatisfactory or contrary to the requirements of the services to be performed hereunder.

A.3. Personal Property/Equipment. University shall have no responsibility for the loss, theft, mysterious disappearance of, or damage to equipment, tools, materials, supplies, and other personal property of Supplier or its agents or employees that are brought onto University premises or stored at University, except for damage caused by the direct and sole negligence of University.

A.4. Sanitation and Cleanliness. With respect to catering or other food-related services, Supplier will at all times maintain clean, orderly, and sanitary conditions (satisfactory to University in all respects) in all kitchens, food preparation areas, service areas, loading dock areas, cooking equipment, floors, chairs, tables, and any other locations associated with the Services under this Purchase Order. Supplier will leave University's premises in as clean a condition, or cleaner condition, than existed prior to the Supplier's entry onto University's premises.

A.5. Alcoholic Beverages. For catering services that include alcohol, Supplier agrees with the following:

A.5.a. Required Permits, Licenses, Registrations. Supplier warrants, represents, and agrees that Supplier and all Supplier staff providing Services hereunder will obtain and maintain, at Supplier's sole cost and expense, any and all approvals, licenses, filings, registrations, and permits required by the District of Columbia, Virginia, Maryland, and/or any other jurisdiction where the services are provided, for the service of alcoholic beverages.

A.5.b. University Approvals and Procedures. Supplier represents, warrants, and agrees that alcoholic beverages may be served and sold only in accordance with the terms of

GEORGE WASHINGTON UNIVERSITY STANDARD PURCHASE ORDER TERMS AND CONDITIONS

service for the event and only when service of alcohol has been approved in writing by University prior to the catered event.

A.5.c. Certified Training. Should service of alcohol be necessary and approved in writing by University prior to the specific catered event, Supplier will require that all catering staff serving alcoholic beverages in the performance of the services have completed all bartender and server training certifications, such as Training for Intervention Procedures (TIPS®), in accordance with the laws and regulations of the jurisdiction in which the services are provided. Supplier will provide proof of certification at each function.

A.6. IP Ownership. Supplier agrees that the University will own all rights, title and interest in any and all intellectual property rights created in the performance of the services or otherwise arising from the purchased services. Such work shall be deemed to be a work made for hire and specifically ordered and commissioned by the University. To the extent any background intellectual property rights of Supplier are necessary for the University to fully exploit the goods or services provider under this Purchase Order, Supplier agrees they must be disclosed to the University prior to Supplier's commencement of work hereunder, and Supplier agrees to grant the University non-exclusive license rights thereto, sufficient for it to fully exploit the goods or services, without additional consideration. Supplier agrees that it will execute any assignments or other documents needed for the University to perfect such rights, provided that, for research collaboration pursuant to subcontracts under sponsored research agreements administered by the University's Office of Sponsored Projects, intellectual property rights will be governed by the terms of the grant or contract to the University to the extent such grant or contract requires intellectual property terms to apply to subcontractors.

A.7. Lawful Compliance. Supplier and its employees will comply with all applicable laws, ordinances and regulations of governmental authorities and with the rules and regulations of the University and its insurers while on the University's premises. To verify compliance with the foregoing, Supplier will permit University officials to inspect Supplier's on-site operations at any time.

A.8. Licensed Professions. Supplier represents and warrants that Supplier (and each person or entity, if any, acting for or on behalf of Supplier) has all licenses, certificates, and other professional credentials required by law to perform the purchased services. If Supplier, persons in Supplier's employ, or persons otherwise acting for or on behalf of Supplier are so required to maintain professional licensure, certification or similar credentials in order to perform the purchased services, then in addition to the requirements set forth in Section 11 of the Purchase Order Terms and Conditions, Supplier must maintain Professional Liability coverage on all professionals with limits of at least \$1,000,000 per occurrence and \$3,000,000 aggregate. If the terms of this Attachment A are applicable to this Purchase Order, then proof of professional liability insurance coverage shall be included in Supplier's certificate of Insurance.

A.9. Background Checks. Supplier shall also be responsible for ensuring that appropriate background checks are conducted in advance on its personnel who will regularly perform work for the University in connection with this Agreement. Supplier, at a minimum, shall conduct a social security trace, criminal history background check, and a sex offender registry search on all such persons, searching federal, state, district, and county of residence records and verify that such background checks and searches have been conducted. Supplier shall not knowingly assign any such person who has a history of conduct unacceptable for a university environment to provide any direct services under this Agreement. Supplier shall be solely responsible for conducting proper background checks from a reputable consumer reporting agency and for securing any necessary consent from its personnel. Supplier shall abide by all applicable federal, state or local laws, rules, and regulations, including but not limited to the Fair Credit Reporting Act and/or equal opportunity laws and regulations, when conducting the background. Supplier agrees to indemnify and hold University harmless for any and all claims relating to the conducting of such checks and any adverse action that may be taken as a result of such checks. Upon a showing by Supplier that it is impracticable for the Supplier to be responsible for

GEORGE WASHINGTON UNIVERSITY STANDARD PURCHASE ORDER TERMS AND CONDITIONS

conducting a background check of its personnel, such personnel may be required to submit to a background check conducted by the University. Supplier will be invoiced for the cost of the background check incurred by the University.

A.10. Work Authorization. Supplier will ensure that if any employee assigned to work under this Purchase Order is not a US worker (i.e., US citizen, lawful permanent resident, temporary legal resident, refugee, or asylee), the terms of his/her visa status will permit the employee to perform and accept payments legally for services provided as an independent contractor under this Purchase Order. Supplier warrants further to the University that it will properly complete I-9 forms for each employee Supplier hires or retains to perform services for the University during the period of this Purchase Order. Supplier hereby indemnifies the University for any costs, expenses, penalties and damages, including reasonable attorneys' fees, arising out of Supplier's failure to comply with its obligations under the U.S. Immigration Reform and Control Act relating to the hiring and employment of unauthorized aliens.

GEORGE WASHINGTON UNIVERSITY STANDARD PURCHASE ORDER TERMS AND CONDITIONS

Attachment B: Federal Compliance Terms (Applicable To Suppliers Paid With Federally-Sourced Funds)

If the Purchase Order is issued using funds from a United States Government grant or contract, Supplier agrees it will comply with the terms and conditions included in this Attachment B. If Supplier is not otherwise aware of whether the funds are sourced from a federal grant or contract, then Supplier shall inquire of the University. Supplier agrees to flow down all applicable clauses to lower-tier subcontractors, if any.

B.1. Flow Down Clauses Applicable to Purchases Involving Funds from a Federal Government Grant

If the Purchase Order is issued using funds from a United States Government grant, Supplier agrees it will comply with the terms and conditions included in this Attachment B, Article I. The following are selected clauses from the Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"), Appendix II (Contract Provisions for Non-Federal Entity Contracts Under Federal Awards). The full text of the Uniform Guidance may be found at 2 CFR Part 200.

Additionally, when the Purchase Order involves the use of funds from the US Department of Health and Human Services ("HHS"), applicable HHS terms will apply. Where the Purchase Order involves the use of funds from the National Institutes of Health ("NIH"), applicable NIH terms will apply. Where the Purchase Order involves the use of funds from the National Science Foundation ("NSF"), applicable NIH terms will apply. Supplier agrees to comply with such terms and flow down all applicable clauses to lower-tier subcontractors, if any.

In the event of any conflict between the clauses applicable to the Purchase Order, including those not applicable solely to federal grants, the most stringent clauses will apply.

B.1.a. Equal Employment Opportunity. Applies to all Purchase Orders that qualify as "federally assisted construction contracts as defined in 41 CFR part 60-1.3. Supplier agrees to comply with Executive Order 11246, "Equal Employment Opportunity," as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

B.1.b. Davis-Bacon Act, as amended (40 USC 3141-3148). If the Purchase Order qualifies as a prime construction contract and is in excess of \$2,000, and is required by Federal programs legislation, Supplier shall comply with the Davis-Bacon Act, as supplemented by Department of Labor regulations at 29 CFR part 5 ("Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). Under this law, Supplier is required to pay wages to laborers and mechanics at a rate not less than the minimum wage specified in a wage determination made by the Secretary of Labor. In addition, Supplier is required to pay wages not less than once a week.

B.1.c. Copeland "Anti-Kickback" Act (40 USC 3145). If the Purchase Order qualifies as a prime construction contract and is in excess of \$2,000, Supplier shall comply with the Copeland "Anti-Kickback" Act, as supplemented by Department of Labor Regulations at 29 CFR, part 3 ("Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides in part that Supplier is prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which the person is otherwise entitled.

B.1.d. Contract Work Hours and Safety Standards Act (40 USC 3701-3708). If the

GEORGE WASHINGTON UNIVERSITY STANDARD PURCHASE ORDER TERMS AND CONDITIONS

Purchase Order is in excess of \$100,000 and involves the employment of mechanics or laborers, the Supplier shall comply with the Contract Work Hours and Safety Standards Act, as supplemented by Department of Labor regulations at 29 CFR part 5. Under the Act, the Supplier is required to compute the wages of every mechanic and laborer on the basis of a standard forty hour work week. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

B.1.e. Rights to Inventions Made Under a Contract or Agreement. If the Purchase Order is for the performance or assignment of experimental, developmental, or research work that is under a "funding agreement" Supplier will provide for the rights of the Federal Government and the University with respect to any resulting invention by complying with 37 CFR part 401 ("Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements"), and any implementing regulations issued by the awarding agency.

C.1.c. Restricted Information means all information and data provided to Supplier, excluding Regulated Information, that must be protected from unauthorized access, use, or disclosure due to obligations set forth in University policies, the conditions of a contract, or particular designation made by the University, or because of proprietary or privacy considerations. Restricted Information is limited to appropriate University faculty, staff, students, or other authorized users who have a legitimate need to for such information. By way of illustration only, some examples of Restricted Information include: employment data, payroll records, tax information, and university telephone and directory information.

Order, as compelled by law, or as otherwise authorized in writing by the University. Supplier will ensure that its employees who will perform services under this Purchase Order have read, understood, and agree to comply with the terms of this Attachment C.

C.4. Disclosure of Non-Public Information as Required by Law. If Supplier is compelled by law, governmental rule or regulation, or order of a court with competent jurisdiction to disclose Non-Public Information, the Supplier shall, unless expressly prohibited by law, promptly provide written notice to the University of any such requirement to allow the University, in its discretion, to either (i) reach an agreement as to the timing and content of such disclosure, or (ii) enable the University to seek an appropriate protective order or other protection for the confidentiality of such information. Supplier further agrees to take any additional reasonable measures to assist the University in protecting the Non-Public Information.

C.5 Safeguard Standard for Non-Public Information. Supplier agrees that it will protect the Non-Public Information it receives from or on behalf of the University according to commercially acceptable standards and no less rigorously than it protects its own confidential information. This provision shall also apply to all Non-Public Information that is in the possession of subcontractors or agents of Supplier. In such case, Supplier shall retain no copies of such information, including any compilations derived from and allowing identification of Non-Public Information. Unless otherwise requested in writing by the University, Supplier shall complete such return or destruction as promptly as possible, but not more than thirty (30) days after the effective date of the conclusion of this Purchase Order. Supplier agrees to return or destroy such Non-Public Information within seven (7) days of a request in writing by the University. Within the thirty (30) day period following termination or written request, Supplier shall certify in writing to the University that such return or destruction has been completed. Written confirmation of the destruction of data in the Supplier's possession or on Supplier computer systems should include standards used for the destruction; such standards should meet National Institute of Standards, Guidelines for Media Sanitization, see <http://csrc.nist.gov/>.

If Supplier believes that the return or destruction of Non-Public Information is not feasible, Supplier shall provide written notification of the conditions that make return or destruction infeasible. Upon mutual agreement of the parties that return or destruction is not feasible, Supplier shall extend the protections of this Attachment C to Non-Public Information received from or created on behalf of the University, and limit further uses and disclosures of such Non-Public Information, for so long as Supplier maintains the Non-Public Information.

Additionally Supplier agrees that no Non-Public Information at any time will be processed on or transferred to any portable or laptop computing device or any portable storage medium, unless that device or storage medium is in use as part of the Supplier's designated backup and recovery processes and encrypted in accordance with Subsection C.9.f regarding data encryption. C.10. Reporting of Unauthorized Disclosures or Misuse of Non-Public Information. Supplier agrees to comply with all applicable laws that require notification of individuals in the event of unauthorized release of any Non-Public Information or other event requiring notification. Supplier further assumes responsibility for informing all such individuals in accordance with applicable laws. Supplier shall report by both telephone and written notification, by calling the University's Division of Information Technology Support Center at 202-994-GWIT(4948), and writing to the University at 44983 Knoll Square Drive, Enterprise Hall, Suite 340K Ashburn, VA 20147, any use Supplier or disclosure of Non-Public Information not authorized by this Attachment C or in writing by the University.
